REIMAGINE. CONNECT. CELEBRATE.

The **Secretarial & Administrative Professionals Symposium 2026** is designed as a bold, modern and elevated experience for today's administrative professionals — including Secretaries, Personal Assistants, Executive Assistants, Executive Secretaries, Office Administrators, Reception Leaders, Office Managers, and broader support teams.

This year's edition moves beyond traditional admin development and places the profession exactly where it belongs: at the centre of organisational coordination, executive enablement, digital workflow excellence, and workplace influence.

Across three engaging days, delegates will experience a rich blend of:

- future-focused professional development
- executive-level inspiration
- practical workplace insight
- team connection and adventure
- wellness and recognition
- premium networking and celebration

From an unforgettable arrival-day Boma Braai, to a high-energy half-day future skills summit, to quad biking, safari adventure, gala dinner, awards, live entertainment and a guest speaker, this edition is designed to feel more premium, more dynamic, and more transformative than ever before.

This is not just a symposium.

It is a career-affirming experience for the professionals who keep organisations moving.

This year's experience introduces a more contemporary edge through:

- future-of-work themes
- AI and digital productivity relevance
- executive influence content
- adventure-based team building
- a premium recognition and gala experience
- deeper celebration of the profession
